

SUSTAINABLE
DEVELOPMENT
GOALS

Eight Factory Co., Ltd.

Company Profile

Eight Factory Co., Ltd. will continue to take on various challenges based on our corporate philosophy of

“ Changing the future of the Earth with the potential of hydrogen. ”

Carbon Neutral

"Carbon neutral" refers to balancing the emissions and absorption of greenhouse gases.

In October 2020, the government declared its aim to achieve carbon neutrality by 2050, meaning the overall emissions of greenhouse gases would be reduced to zero.

We need to reduce greenhouse gas emissions and conserve and enhance carbon absorption in order to achieve carbon neutrality.

Eight Factory Co., Ltd. will propose effective solutions for achieving carbon neutrality by using its proprietary hydrogen technology to electrolyze water and produce hydrogen (HHO) solely from water. We aim to provide this technology (currently patent pending) across various industries and sectors.

Based on our extensive research into the unique effects and characteristics of hydrogen, Eight Factory Co., Ltd. has gained a thorough understanding of the potential and safety of hydrogen.

We are eager to share this knowledge with the world and contribute to its dissemination.

Services

Hydrogen Hybrid

We offer innovative hybrid fuel reduction devices that enables the mixed combustion of fuel with hydrogen and air.

Manufacturing

- Assembly of amusement machines
- Assembly of beauty equipment
- Processing of pet food, etc.

Product Lineup

● Clean Eight

Clean Eight HFR-3000 continuously cleans the exhaust gas and the internal components of the engine by performing engine cleaning with HHO gas.

By attaching it as an auxiliary device for the engine, it extends the engine's lifespan, achieves fuel efficiency, and reduces black smoke, CO, and HC emissions.

Large Vessels & Boilers

HFR-5000

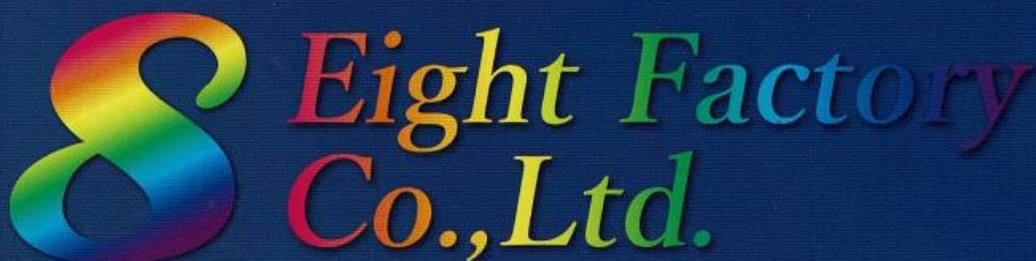

Fishing Boats

HFR-3000

business partners

Changing the future of the Earth
with the potential of hydrogen.

At Eight Factory Co., Ltd., we specialize in utilizing various hydrogen technologies to assist in addressing the pressing concerns of environmental improvement and sustainable economic development.

● Head Office

Company Name Eight Factory Co., Ltd.
Address 12 Nakatashima, Hanaikata, Hagihara-cho, Ichinomiya-shi, Aichi 491-0351 Japan
Phone number +81 586 69 8898
FAX +81 586 69 8868
Email Address ef-info@8888factory.com

● Kyushu and Okinawa Area Sales Office

Address Kokusai Juki bldg. 701 653 Aja,
Naha-shi, Okinawa 900-0003 Japan
Phone number +81 98 869 2077
FAX +81 98 869 2078

● Kansai Sales Office

Address 2-1-13, Minamibiraki, Nishinari-ku,
Osaka-shi, Osaka 557-002 Japan
Phone number +81 6 6599 8101
FAX +81 6 6567 8159
